Lyon Bar Racks Adjustable Arms

Used to store a wide variety of long and short pieces of pipe, tubing, bars, rods and similar items.

Permits convenient accessibility to this type of material because regular aisles can be used in loading or unloading the arms of the racks, thus eliminating the need for a large floor area.

Available in two heights, 79 $\frac{1}{2}$ or 97 $\frac{1}{2}$ inches. With seven adjustable arms on each side of each upright. The first and additional sections available in two lengths, 36 and 48 inches.

Finished in Lyon green.

Single face racks for use against wall also available.

Lyon Steel Bench Legs

Used on wood or steel top benches. Provide a sturdy support for bench tops. Holes punched in top member, cross member and legs to permit the attachment of tops, shelves and stringers at almost any desired location.

Finished in Lyon green baked enamel.

Shipped completely assembled.
